### Selection process

The selection methods to be used are:

1. Curricular Assessment, with a weighting of 50%;
2. Interview, with a weighting of 50%, which will be applied to the first six candidates in the Curricular Assessment ranking, in descending order of classification. The interview may be carried out via video conference.

The respective evaluation parameters are:

1. In Curricular Assessment:

- Experience working in a research team(s) (up to 5 points): the number of projects, their duration, roles assumed, activities performed are valued;
  - Professional Experience (up to 10 points).
  - Specific training (with degree conferral) in Technologies and related areas (up to 5 points).
1. Interview: aims to evaluate behavioral aspects, especially those related to motivation (up to 10 points) and oral and written expression in English and Portuguese (up to 10 points).

Candidates are excluded from the competition on the following grounds:

1. If they do not meet the mandatory requirements required in point 2;
2. If they obtain a rating lower than 9.5 in the Interview;
3. If they miss the Interview.

After analyzing the applications and evaluating the candidates according to the components in question, the candidates will be classified in descending order of scores. The candidate with the highest score will be selected. In case of equality, the tiebreaker will be based on the best classification in the Interview.

If the tie still remains, the Jury will hold a vote where all members of the Jury vote, with the President of the Jury having the casting vote in the event of a new equality.
